Fabric Sourcing Request Form

Provide these fabric inputs so DRESSOURCE can source the right quality against your performance, cost and lead-time priorities.

Fabric specification

- Fibre content (cotton, polyester, blend, %)
- Construction (knit type or woven type)
- Target weight (GSM)
- Colour standard (Pantone / sealed reference)
- Finish requirements (wash, brushed, treatment)
- Performance needs (stretch, moisture, durability)
- Sustainability requirement (organic, recycled, certified)
- Required certifications (GOTS, GRS, OEKO-TEX)
- Stock or custom fabric preference
- Target price and lead-time constraints

Educational buyer tool. Stock and programme fabrics shorten lead time; custom fabric adds the full knit/weave-dye-finish cycle.
